GRAIN AND FORAGE CENTER OF EXCELLENCE

AT THE RESEARCH AND EDUCATION CENTER

RESEARCH AND EXTENSION EXPERIENCES INTERNSHIP APPLICATION

The UK REEU program is designed to provide exceptional undergraduate students majoring in Agronomy hands-on independent and guided research and extension opportunities. The goal is to graduate exceptional undergraduate students in Kentucky that are prepared to immediately address the challenges of sustainable agricultural production within the workforce or in graduate programs. Ten (10) students will be selected each summer for a 12-week internship that begins May 15 and ends Aug 15. A completed application, copy of unofficial transcript and two letters of recommendation are due to Dr. Carrie Knott at carrie.knott@uky.edu no later than Feb 28.
